Jabra

Jabra A210 Bluetooth adapter – all the benefits of a Bluetooth headset with your non Bluetooth mobile phone*

RELEASE YOUR JABRA

Jabra

Now you can enjoy the convenience of Bluetooth wire-free communication with your non Bluetooth mobile phone*

Don't miss out!

Even if you have a non Bluetooth mobile phone you can still enjoy all the benefits of hands-free and wireless connection to a Jabra Bluetooth headset.

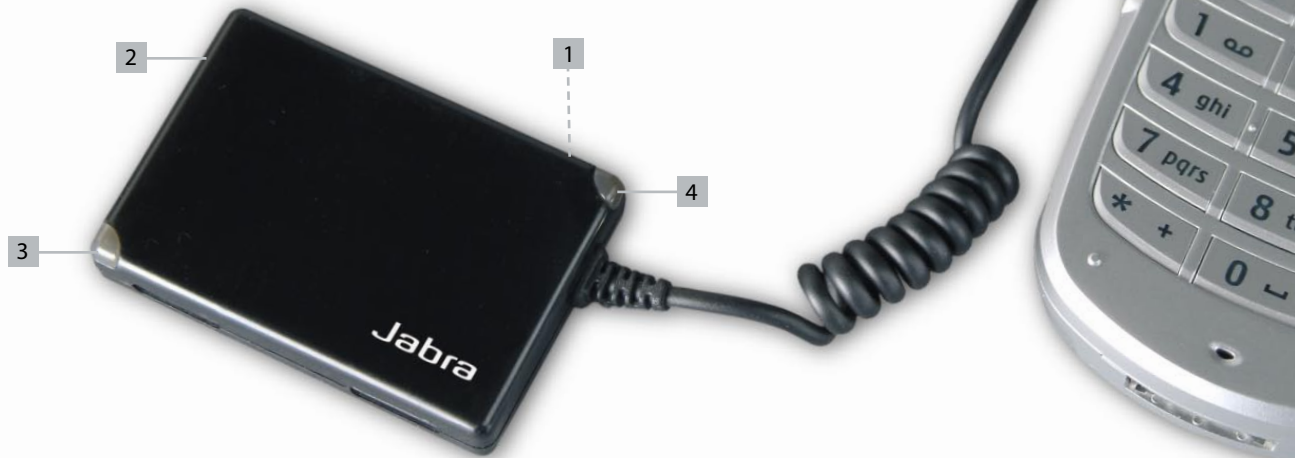

The unique Jabra A210 Bluetooth adapter simply plugs into your non Bluetooth mobile phone to give it Bluetooth connectivity to any Jabra Bluetooth headset.

Freedom of choice with freedom of movement

The latest Bluetooth technology in the Jabra A210 sets you free from wired connection to your mobile phone and still lets you use all its voice-activated functions. The Jabra A210 gives you the freedom to use your mobile from up to 33 feet (10 meters) away – without wires, without hassle.
