Noise Suppression™

VXI Roadwarrior™ B250-XT

Knocks Out Noise!

When professional truck drivers first discovered the exceptional noise canceling technology of BlueParrott® headsets, news of BlueParrott's sound quality spread rapidly. Today, BlueParrott has only gotten better. The B250-XT has an increased talk time of 16+ hours and standby time of up to 150 hours. BlueParrott still has the same renowned VXI noise cancellation. Our Xtreme Noise Suppression™ is so good it can block out the sound of an 18-wheeler's engine. Other new features include indicator light turn-off and multiple device pairing. Lightweight and very comfortable, the B250-XT is durable enough to withstand life on the road. The stable over-the-head wearing style stays in place and the flexible "gooseneck" boom allows positioning of the microphone close to your mouth for superior voice quality.

Works with Verizon, Sprint, Nextel, Alltel and U.S. Cellular!

Product Part Number: 202720

Case Pack Info: 8 / 4 inner cartons - 2 each

- Up to 66 ft. talk range*
- 16+ hours talk time
- Up to 150 hours standby time
- 128-bit secure digital encryption for call privacy
- Includes auto and AC charging cords

* Certain environmental conditions can affect range.

SYSTEM OPERATION

The BlueParrott B250-XT is a professional grade wireless Bluetooth headset. The headset is worn over the head via a headband and head rest on the opposite side. The headset microphone is positioned at the corner of the mouth for a clear, noise-free signal.

CONNECTION

The B250-XT headset pairs to other Bluetooth enabled devices such as cellular phones (works with Verizon, Sprint, Nextel, Alltel and U.S. Cellular) and computers using handsfree and headset profiles.
