

GN9330e USB OC

MICROSOFT® OFFICE COMMUNICATOR 2007

Jabra®

DATASHEET

WIRELESS VOIP – WIDEBAND SOUND.

The Jabra GN9330e USB OC Headset is among the first wireless office headsets to offer true wideband audio. VoIP has never sounded this good. Nor has it been this easy to set up and use.

WIRELESS VOIP – WIDEBAND SOUND

The Jabra GN9330e USB OC wireless headset significantly enhances the user's experience with Microsoft® Office Communicator 2007.

The Jabra GN9330e USB OC wireless headset has an audio bandwidth of 6.8 kHz, which is more than twice that of conventional telephony. Not only does this give users the feeling of a true "face-to-face" conversation, it also helps increase productivity because all details are heard the first time. Noise-canceling microphone technology and enhanced wind noise reduction ensures clear voice transmission, no matter where the user is in the office. And due to digital encryption, conversation security is guaranteed.

SIMPLICITY WITH IMPACT

The Jabra GN9330e USB OC headset connects quickly and effortlessly to a computer and intuitive headset controls make it easy to operate. It features improved design and materials, making it lighter and more ergonomic than its predecessor for long-lasting comfort. With an extended range of up to 325 feet, the Jabra GN9330e USB OC headset makes it possible to take calls throughout an office. And with 6 hours of talk time – and around-the-clock talk time with optional, hot-swappable

interchangeable battery – a day's business can be conducted without recharging.

The Jabra GN9330e USB OC headset allows users to escape the limitations of their workstation, providing hands-free convenience, all-day comfort, and superb sound clarity.

PLUG AND PLAY

The Jabra GN9330e USB OC headset works with Microsoft® Office Communicator 2007 without requiring any additional software, including drivers. Just plug the headset into the PC USB port.

GN9330e USB OC

MICROSOFT® OFFICE COMMUNICATOR 2007

FEATURES & BENEFITS

FEATURE	BENEFIT
Truly wireless headset	The wireless Jabra GN9330e USB OC gives you true hands-free mobility and increased efficiency. No cables involved.
Up to 325 feet office range	Get maximum value from the office space. Move hands-free and unhindered throughout the working day. You no longer need to be beside the phone to do business.
Full 6 hour talk time	The Jabra GN9330e USB OC comes with a single 6-hour battery. A second, hot-swappable battery is available as an accessory.
Standby-time: - 43 hours with power on base - 120 hours without power on base	Your Jabra GN9330e USB OC is always standing by ready for action.
3 hour battery recharging time	You know your headset will always be ready for the next day's business.
Battery status indicator	The four LEDs in the base keep you informed of your headset battery status at all times.
Noise-canceling microphone and wind noise reduction	Your voice is transmitted clearly even with background noise from the rest of the office.
Improved design and materials	The GN9330e is lighter and more ergonomic than its predecessor for long lasting comfort.
200 Hz - 6.8 kHz wideband audio	The Jabra GN9330e USB OC's revolutionary new wideband sound makes PC-based IP telephony conversation exceptionally clear and characteristic, enhancing detail and quality.
Mute function	The mute button is easily accessed, stopping your voice from being transmitted when you have to consult with a colleague during a call.
Volume control	Intuitive controls facilitate easy volume correction.
2 wearing styles: - On-the-ear (ear hook) - Over-the-head (headband)	Choose the style that suits your personal preference.
Remote call answering/ending	The Jabra GN9330e USB OC features remote call answer/end functionality, letting you answer/end calls while away from your desk. The Jabra GN9330e USB OC works with Microsoft® Office Communicator 2007. *
Outstanding connectivity	The USB base enables effortless, quick connection to VoIP telephony (softphones); the plug 'n' play setup ensures trouble-free, intuitive, daily operation. For softphone compatibility, please check www.Jabra.com/gn9300usb
