JABRA HALO

Bluetooth® Wireless Headset for Mobile Phones

DATASHEET

LESS WIRE – MORE MUSIC

Enjoy wireless music and answer phone calls in crystal clear stereo sound

Cut the wires and make your favorite music sound even better with the Jabra HALO wireless headset. It connects easily to your mobile phone through stereo Bluetooth and enables you to stream music wirelessly. You can even make and take calls wirelessly.

Use the corded option if your player of choice doesn't support Bluetooth Stereo/A2DP.

With Jabra HALO you can leave your phone in the pocket or in the bag and control your music directly from the headset.

The design is as strikingly clear as your voice will be with the Noise Blackout™ which eliminates unwanted background noise to make your voice stand out during calls.

The Jabra HALO makes it easy to join the wireless revolution and enables you to turn your mobile phone into your primary mobile multimedia center – with less wire and more music.

Reasons to choose the Jabra HALO

- Corded option for Mp3 players
- Great sound experience
- Remote control your music via touch sensors

Quick Start Guide

Charging your headset

Make sure that your Jabra HALO is fully charged before you start using it for the first time. While charging the indicator lights are solid, changing from red to yellow then green when fully charged. Charging time is approximately 2 hours. You can use the Jabra HALO during recharge.

Turning your headset on and off

Unfolding the headset will turn it on
Folding the headset will turn it off

Pairing the headset to a phone or other device

First time pairing

Unfold the headset and the Jabra HALO will automatically enter pairing mode and search for a device.

Later pairing

Press and hold the Answer/End button (1) until the indicator light (5) is solid blue (approximately 4 seconds). Activate Bluetooth on your phone or other device and search for Bluetooth devices and select Jabra HALO. Press "OK" on the phone or device and confirm with PIN code 0000 (4 zeros)

Using your headset

Answer or end a call

Tap the Answer/End button (1) to receive / end calls

Adjust sound and volume*

Use the touch control (2) for turning volume up or down

Play or pause music

Tap the Answer/End button (1) to play / pause music

Change between music tracks*

Use the touch control (2) for next track (double tap on +) or previous track (double tap on -)

Using your Jabra HALO with the 3.5mm music cable (not Bluetooth)

Insert the 3.5mm music cable to the micro-USB socket and connect the 3.5mm jack into the device. Please note that the Bluetooth features (including receiving calls) are disabled when using the Jabra HALO with the cable. Using your Jabra HALO with the 3.5mm music cable is not possible if the battery is completely discharged, so make sure that it is at least partly charged.

Wearing style

Please note the left/right wearing indicators inside the headband.
Adjust the size of your Jabra HALO by extending the length of the headband.
