

JABRA LINK™ 280 USB ADAPTER

WITH CALL CONTROL

Jabra®

DATASHEET

FUTURE-PROOF SOFTPHONE AND BLUETOOTH® ADAPTER WITH INLINE CALL CONTROLS

- Programmable buttons for individual preference
- Safeguards your hearing and helps comply with the strict Noise-at-work legislation through Jabra PC Suite
- High quality sound through DSP
- Professional quality and design
- Fits all corded Jabra QD headsets
- Easy and simple to setup with the Jabra PC Suite
- Bluetooth connection to mobile phone

The Jabra LINK 280 USB Adapter enables PC connectivity and full softphone integration with GN Netcom's extensive range of Quick Disconnect (QD) headsets. The combination of user-defined call controls and Multiuse connectivity makes it perfect for businesses that want a cost-effective and flexible transition to Unified Communications.

CALL CONTROL AT YOUR FINGERTIPS

Convenient in-line control buttons let you enjoy quick, optimized use of your softphone. At the press of a button you can answer/end calls, put calls on hold, adjust volume and mute the microphone. Two of the four buttons can be programmed from the computer to perform user-defined tasks such as "answer mobile phone call" - or to comply with commands in future softphones. The built-in wireless Bluetooth connection enables you to switch seamlessly between softphone and mobile phone calls.

Jabra LINK 280 is plug-and-play with PCs running Windows or Mac OS. To ensure full call control functionality with specific softphones, simply download and install Jabra PC Suite. This free application is constantly updated with the latest softphone drivers to protect your Jabra headset investment!

DIGITAL AUDIO QUALITY AND NOISE PROTECTION

Jabra LINK 280 features the latest Digital Signal Processing (DSP) technology. The processor filters the audio stream and removes impurities from the call signal to ensure a smooth, clean and crisp audio experience. Moreover, the controller keeps you safe by offering full noise protection.

To ensure long service life, Jabra LINK 280 is made of durable high-quality materials designed to withstand heavy use even in rough contact center environments.

GN Netcom is a world leader in innovative headset solutions. GN Netcom develops, manufactures and markets its products under the Jabra brand name.
