# NOISE BLACKOUT™ NO NOISE, ALL VOICE

## REASONS TO CHOOSE THE JABRA BT530?

### Noise Blackout™

Ambient noise cancellation

### Crystal clear sound

Immaculate quality sound  
on both sides of the call

### Ideal for all-day use

Lightweight and designed  
for long-lasting comfort

## JABRA BT530 – THE NEW GENERATION OF NOISE CANCELLATION

### Destroy unwanted sound with Noise Blackout™

The Jabra BT530 is the first Bluetooth™ headset with Noise Blackout™. Unique amongst wireless hands-free headsets, it provides background noise elimination – without any compromise on natural voice quality. Dual microphones, coupled with advanced DSP technology, identify the source of sound – and then enhance your own voice, and obliterate peripheral noise.

### Enjoy crystal clarity and all-day comfort

This headset offers a noise-free experience in crystal clear sound wherever you are. Equipped with intelligent volume control – the headset automatically adjusts the level of received audio for optimal audibility and also offers Audio Shock Protection

- guarding your ears against raised voices or sudden noise surges.
- designed in true Jabra style, with comfort and intuition in mind
- this headset will provide pure audio power all-day long, whichever way you choose to wear it.
