

Plantronics Voyager™ 510 Bluetooth® Headset

Perfect for the mobile professional—one headset that can be used seamlessly with two Bluetooth devices.

Simplify your communications with this lightweight and versatile headset. You'll enjoy all-day wearing comfort, clearer voice transmission and superior sound quality—without wires! And with the optional deskphone adapter, your headset transforms into a powerful communication solution for both your office and mobile phone.

- Lightweight, award-winning design for all-day wearing comfort.
- Noise-canceling microphone for superior sound quality.
- Multipoint technology allows you to seamlessly switch between two Bluetooth devices.
- One-touch call answer/end, last number redial,¹ and voice-activated dialing.²
- Headset folds into your pocket or purse for easy storage.
- Boom swivels for perfect positioning on either ear.
- Freedom to roam up to 33 feet (10 meters) from your Bluetooth device.
- Up to 6 hours talk time and up to 100 hours standby.
- Supports Bluetooth headset and hands-free profiles.

Plantronics Voyager™ 510S Bluetooth® Headset System

Wireless freedom and unparalleled versatility, in the office and on the go.

The Plantronics Voyager 510S Bluetooth Headset System—combining both the wireless Voyager 510 Bluetooth Headset and Bluetooth Deskphone Adapter—allows you to seamlessly switch between your office phone and Bluetooth mobile phone. Whether in your office or on the go, this system's versatility eliminates the need for multiple products—one headset does it all! Get all the benefits of the Voyager 510 Bluetooth Headset, plus:

- Deskphone adapter turns your office phone into a Bluetooth phone.
- Multipoint technology allows seamless switching between your office phone and your voice-enabled Bluetooth mobile phone, PDA or laptop.
- "Smart" technology knows which device you are using—and allows you to take calls from either device at the touch of a button.
- One headset solution for wireless communication in and out of the office.

Sound innovation for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic words from the moon: "That's one small step..." Since then, we've set industry standards for headsets from aviation to space travel. Today, we're the headset of choice in mission-critical applications such as air traffic control and 911 dispatch. This history of sound innovation is the basis for every product we build—whether it's for work, home or on the go.

Plantronics. Sound Innovation.
