

## Stylish freedom and superior sound Wireless desk and IP telephony

Now with  
**enhanced**  
range, sound & comfort

The dual-function Jabra GN9350e\* wireless headset provides high performance in both traditional and PC-based telephone environments. That means you can expand—or even change—your telephone system without having to purchase new headsets. The Jabra GN9350e provides all the benefits of hands-free mobility in a lightweight, ergonomic—and future-proof—design.

- Increased range of up to 350 feet
- Future-proof investment: single headset for traditional and PC phone calls
- WiFi-friendly 1.9 GHz frequency with DECT 6.0 wireless technology
- DSP and IntelliTone™ for superb sound quality and greater hearing protection
- Noise-canceling microphone for reduced background noise
- Digital encryption for secure conversations
- LCD display for easy set-up of personal sound preferences
- Multi-unit conferencing capability

The Jabra GN9350e makes everything sound better. State-of-the-art Digital Signal Processing (DSP) technology removes impurities from the

incoming signal, enriches sound quality, and maintains a safe, consistent volume level. The GN9350e's sleek boom arm with noise-canceling microphone and enhanced wind noise reduction means your voice is always transmitted clearly.

The Jabra GN9350e is also the first wireless headset for IP telephony that features wideband audio. Its impressive 6.8 kHz audio bandwidth is more than twice that of conventional telephony! Not only does high-definition sound give you the feeling of a true "face-to-face" conversation, it also helps increase your productivity because you hear every detail the first time. With an enhanced design, improved materials and weighing less than an ounce, the GN9350e is so comfortable you'll forget you are even wearing it.

Intuitive and easy to use, the Jabra GN9350e's sophisticated LCD display lets you set call parameters, such as volume and audio output, to suit your individual preference. It expands your communications potential with a wireless range of up to 350 feet, conference call capability and, with an optional hot-swappable interchangeable battery, around-the-clock talk time.

Jabra GN9350e

\* Also available in a version optimized for Microsoft Office Communicator 2007.

Jabra

Feature	Benefit
Dual connection	The Jabra GN9350e is a dual connection wireless headset, connecting to both your standard desk telephone and your computer for PC-based IP telephony (softphones). For compatibility, please check <a href="http://www.jabra.com">www.jabra.com</a> .
Up to 350 feet office operating range	With an operating range of 350 feet in a typical office environment, you'll be able to walk, talk and work throughout the office environment.
Talk time: • Up to 6 hours IP talk time • Up to 9 hours telephone talk time	The Jabra GN9350e comes with a single 9-hour battery. A second, hot-swappable battery is available as an accessory. Switch batteries and never drop a call!
Battery recharging time: 3 hours	The accessory battery of the Jabra GN9350e quickly charges in its dock so your calls will never be cut short.
Battery status indicator	The four LEDs in the base keep you informed of your headset battery status at all times.
Noise-canceling microphone	Enhanced call clarity by reducing wind noise and eliminating background noise from the office.
150 Hz – 6.8 kHz full audio bandwidth using IP telephony	The Jabra GN9350e is the first wireless headset with wideband, high definition sound quality so everything sounds crystal clear.
200 Hz – 3.5 kHz audio bandwidth in telephony mode	The sound quality of traditional telephony with the added bonus of hands-free mobility.
Mute function	The mute button is easily accessed, preventing your voice from being transmitted when you need to consult with a colleague.
On-line indication	Easily recognized LED illumination informs you of your on-line status.
Volume control	Intuitive controls facilitate easy volume correction.
DSP (Digital Signal Processing)	Sophisticated DSP technology processes the incoming signal and removes impurities, giving you incredibly clear, rich sound.
Auto-volume	DSP auto-volume automatically eliminates fluctuations, adjusting the volume of all incoming calls to the same, consistent level.
Base unit display (LCD)	Easy setup of call parameters to meet your personal preferences.
3 wearing styles: • Over-the-head (headband) • On-the-ear (ear hook) • Behind-the-neck (neckband)	There is a wearing style to suit every preference, providing optimum working comfort due to the soft and comfortable earpiece materials.
Multi-unit conferencing	Up to four Jabra GN9350e headsets can dock with one base to form a conference call. Fully mobile, convenient conference calling without the conference room or traditional crackling telephone conferencing equipment.
Remote call answering/ending	The Jabra GN9350e features remote call answer/end functionality, letting you answer/end calls while away from your desk. The Jabra GN9350e works with: • The Jabra GN1000 remote handset lifter, which mechanically lifts/lowers your telephone's handset. • A telephone's built-in electronic hook switch (EHS), which electronically answers/ends calls.*
PeakStop™ technology – max 118 dB SPL (RMS)	The Jabra GN9350e guards against sudden noise spikes from the telephone network.
Digital security encryption	The Jabra GN9350e digitally encrypts your calls, giving you complete calling security and conversation confidentiality.

Technology:	1.9 GHz DECT 63 mW transmission power
Warranty:	1-year warranty
Specifications:	Operating temp.: 10° C/40° C Storage temp.: 0° C/40° C Headset weight: .913 oz. (26 g) Base weight: 8.9 oz. (255 g)
Compliance:	TT4 – world's toughest standard for noise and acoustic shock EU safety regulations – cumulative noise exposure should never exceed 85 dB SPL

The Jabra GN9350e meets the electric strength test and impulse test requirements of the international standard IEC 60950-1. It also meets EN 60950, AS/NZS3260, and UL 60950 standards.

\* EHS available with appropriate adapter and with certain manufacturer phones. Visit [www.jabra.com](http://www.jabra.com) for compatibility guides.
