BT125

GET MORE DONE. TALK HANDS-FREE.

KEEP YOUR HANDS FREE

Jabra introduces the BT125 – a discreet wireless headset for Bluetooth® mobile phones. The headset lets you get on with your talking and keep both hands free for whatever else you need them for.

KEEP ON MOVING

The BT125 is the ideal accessory when multi-tasking is the order of the day. You can get on with your job while making and taking your phone calls, hands free. When you're in the car, tackling town with a toddler at your side, or even just making a cup of coffee.

MAKING IT SIMPLER

The BT125 is so light and comfortable that you'll hardly notice you're wearing it. And its design is so functional, you'll rarely ever have to touch your mobile phone. What's more, it couldn't be easier to pair and operate.
