MOVE TO THE BEAT!

Jabra CLIPPER provides you with crisp stereo music and crystal clear calls in one little discreet Bluetooth® device. Just clip it on and you're good to go!

easy ◀ smart ultimate

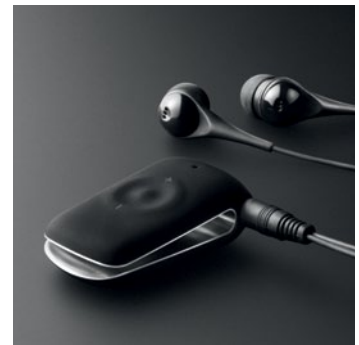

Wireless music and calls on the go

Jabra CLIPPER is the newest addition to Jabra's Stereo Headset range providing users with wireless stereo music and calls in one cool little Bluetooth® clip.

Jabra CLIPPER's in-ear headphones block external noise which enhance its clear, vibrant music and calling quality - leaving you to get lost in your music rather than the outside rumble. However, to make sure you're still connected to the outside world, Jabra CLIPPER automatically switches between your music and incoming calls to your phone. Plus, to prevent you from dropping out of range or leaving your phone behind Jabra CLIPPER cleverly features a mobile distance alert (within 33 ft.).

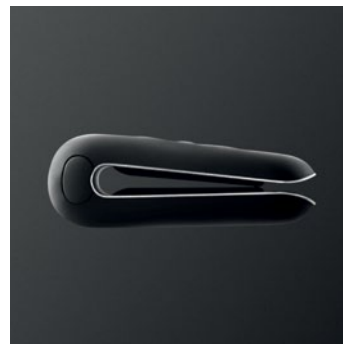

Aesthetically clean and appealing in design while also durable, Jabra CLIPPER has a metallic base encased by a smooth, soft rubber surface that is contoured on one side to provide discreet music and calling control. However, Jabra CLIPPER's versatility goes beyond its design; it can also connect simultaneously to two different devices and comes with a 3.5mm plug for use with alternative sets of headphones.

This product is not recommended for use while driving.

Reasons to choose the Jabra CLIPPER

- Automatically switch between music and calls
- Great sound with noise-blocking ear buds
- Can be used with other headphones (3.5 mm)

Quick Start Guide

Charging your headset

Charge your Jabra CLIPPER until the LED light turns solid green (approx 2 hours).

Turning your headset on and off

Press Multi-Function button for approx. 4 seconds to turn the headset on or off

Pairing the headset with your phone

1. When you turn on your Jabra for the first time, the headset will automatically start up in pairing mode.
2. Activate Bluetooth on the phone
3. Press 'Yes' or 'OK' on the phone and confirm with PIN code 0000 (4 zeros)
4. Your phone will confirm when the pairing is complete
5. For later pairing: Turn your headset off. Press and hold until solid light comes on

Using your headset

Tap the Multi-Function button on your headset to answer a call. To end your call, just tap the Multi-Function button again.

Wearing it how you like it

Jabra CLIPPER is designed as a clothing clip. This gives you a variety of simple and practical wearing styles: Just clip it on your shirt, jacket, t-shirt or whatever that fits your needs.
