

ENTRY-LEVEL UC HEADSET

# WIRELESS COMMUNICATION STARTS HERE!

**SIMPLE. PROFESSIONAL. AFFORDABLE.**

Jabra PRO 930 is a professional entry-level wireless headset designed for Unified Communications and PC-based telephony such as Skype. The robust Jabra PRO 930 offers all the essential features of a wireless headset in a simple design at an attractive price point.

**GREATER PRODUCTIVITY AND COMFORT**

Jabra PRO 930 provides users with hands-free mobility, enabling them to multi-task with maximum efficiency up to 325 ft from their desk while taking calls.

**TRUE JABRA QUALITY SOUND**

Jabra PRO 930 delivers a crystal clear wideband audio experience for softphone calls, conference calls, live presentations and other multimedia applications. Sound quality enhancements such as Jabra SafeTone™ which protects hearing by cutting off sudden loud noises and securing safe average sound levels. The noise-canceling microphone eliminates ambient background noise from the office.

**EASY TO DEPLOY. EASY TO USE.**

Jabra PRO 930 is certified and optimized for all leading Unified Communication platforms. Simply connect the headset to the computer and it is ready to use. The simple and intuitive call-control buttons make it easy to manage calls while away from your desk.

Jabra Pro 930 is available in both UC and Lync-optimized variants.

1. Crystal clear wideband sound and safe sound levels
2. Soft, comfortable ear cushions
