## M5390 MULTIUSE

WITH BLUETOOTH® BASE AND ADAPTER

## Wireless freedom and wideband sound – anywhere, anytime

Jabra M5390 Multiuse headset is a Bluetooth headset that connects simultaneously to mobile phones and desk phones - or to mobile phones and PC softphones (via the included USB adapter).

This multiuse headset combines the sound and range performance known from office headsets with the convenience of a mobile headset. Based on next generation Bluetooth technology, it offers true wideband audio. And the extended wireless range allows users to answer calls up to 200 feet from their desks.

The design and wearing style is optimized for office staff, managers and specialists who spend most of their time in the office – and less on the go. For optimum

call clarity in loud office environments, the microphone is placed close to the users mouth and features noise canceling technology. The Jabra M5390 can also seamlessly connect to the users mobile phone or PC-based softphone via the USB adapter.

The Jabra M5390 Multiuse base is compatible with most desk phone systems, and the adapter is compliant with a wide range of PC-based softphones including Microsoft Office Communicator 2007, Cisco IP Softphone, Skype etc.

## One headset for all your needs

## M5390 MULTIUSE

WITH BLUETOOTH® BASE AND ADAPTER

<b>What is Multiuse?</b>	Multiuse is a range of Jabra headsets from GN featuring Multipoint™ technology that allows simultaneous connection to several Bluetooth enabled devices
<b>What is Bluetooth wireless technology?</b>	Bluetooth wireless technology is a radio technology developed to deliver short-range wireless mobility. Bluetooth technology eliminates wires between devices, such as mobile phones and headsets, and enables communication between devices that are in close proximity to one another. Bluetooth facilitates fast, secure transmissions of both voice and data. More information is available at <a href="http://www.Bluetooth.com">www.Bluetooth.com</a> or <a href="http://www.Bluetooth.org">www.Bluetooth.org</a>
<b>Jabra M5390 Multiuse headset</b>	Dual use wireless Bluetooth headset (mobile + desk phone or mobile + PC based softphone)
Bluetooth compliance	BT. 2.0 specifications
Supported Bluetooth profiles	Headset and handsfree profiles
Compatibility	Compatible with other Bluetooth devices with Bluetooth 1.1 (or higher) specifications
