

## One cord does it all.

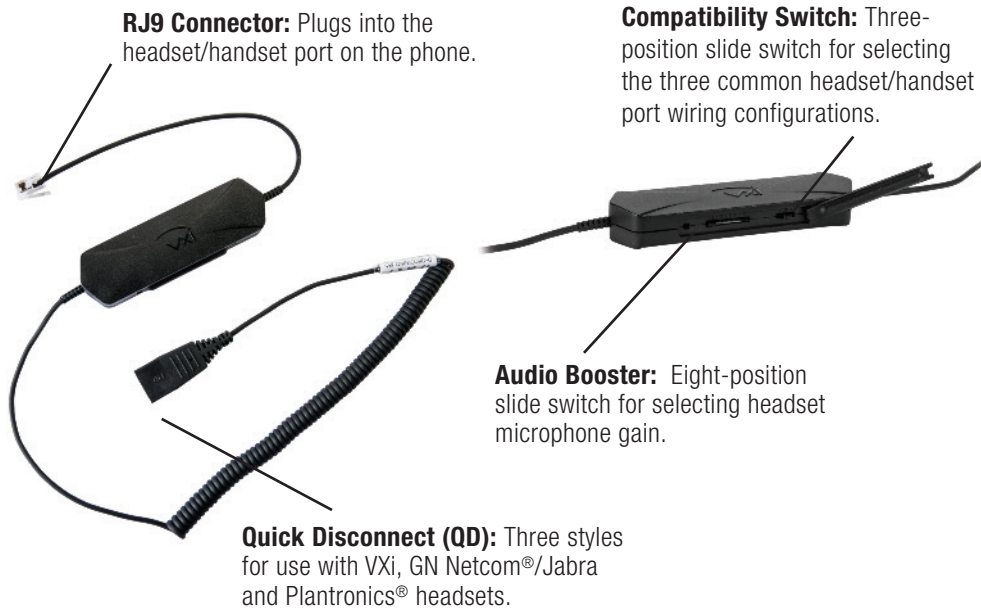

When you need a headset adapter and an audio booster, OmniCord™ is the one-piece solution. OmniCord works with most telephone brands, and makes headset setup easy. So it simplifies your life—and saves you money—while it unclutters your desk.

### Benefits

- Reduces workspace clutter and equipment costs.
- Works with most phone types.
- Compatible with major headset brands.
- Boosts microphone volume when needed.

OmniCord is the one-piece solution that makes headset setup simple.
