Voyager 510SL w/HL10 Lifter

Plantronics Polycom Headset Hookswitch Control Adapter (APP-5)

Seamlessly connect your Polycom SoundPoint IP phone and Polycom CX700 with all Plantronics Professional Wireless Headset Systems, including the CS product family and the Plantronics Voyager 510S Professional Bluetooth Headset System.

The APP-5 enables the following benefits:

- Answer and end calls from up to 300 feet away from your phone
- The freedom to move about the office and multi-task
- Connects with one simple step

The APP-5 is compatible with the following SoundPoint IP phones:

SoundPoint IP 320, 330, 430, 550, 560, 650, 670

All SoundPoint IP phones supported require latest update of firmware from Polycom's SIP 3.1 to work with Plantronics wireless Headsets.

For more information about Polycom, please visit www.Polycom.com

Four great reasons why you should add a Plantronics headset to your new Polycom phone:

1

WIRELESS FREEDOM

With a Plantronics wireless headset you can take your hands-free calls up to 300 feet from your desk. Search for files, send a fax, or consult a colleague all while taking or receiving a call.

2

ERGONOMICS

Ergonomic studies have shown that using a Plantronics headset can reduce neck, shoulder and upper back muscle tension by as much as 41%.¹

3

PRODUCTIVITY

Real-world studies have shown that using a Plantronics headset can increase worker productivity by up to 23%.²

4

RELIABILITY

In 1969, a Plantronics headset carried the first words from the moon: "That's one small step for man, one giant leap for mankind." Today, our headsets are still the first choice for mission-critical applications like 911 dispatch centers, the FAA, and the U.S. armed forces.

¹ Santa Clara Valley Medical Center Study.

² E3 Consulting Corp. knowledge worker study, 2004.
