

# CS50-USB

## VoIP Headset

### Freedom from the phone. Freedom from the wires.

You've eliminated the phone, now remove the wires. The CS50-USB from Plantronics extends wireless freedom to your softphone. It's the first wireless headset for VoIP applications with remote call detection and answer/end capability. Experience superior sound quality, stylish design, four comfortable wearing options, and hands-free convenience via your USB port.

- **VoIP Wireless Freedom**

A complete wireless VoIP softphone solution that quickly connects to your USB port, allowing you to take conversations up to 200 feet from your PC with no headset cables.

- **First with Remote Ring Detection**

The CS50-USB is the first wireless headset with remote ring detection and call answer/end at the touch of a button, thanks to Plantronics' PerSonoCall™ software.

- **Customizable Comfort**

Quickly converts for your choice of four comfortable wearing styles, two that are included—over the head and over the ear; and two that are options—behind the neck and dual T-pad headband.

- **One-touch Controls**

Streamlined one-touch volume control, mute button, and call answer/end for complete control while you're away from your desk.

# CS50-USB

## VoIP Headset

### The Plantronics CS50-USB VoIP Headset gives you:

- Wireless freedom up to 200 feet in a typical environment
- Remote ring detection and one-touch call answer/end with PerSonoCall™ software
